

RecEasy Now Live on SAP® App Center

Dublin, Ireland – February 4th, 2019 – RecEasy Limited today announced that [RecEasy 1.0](#) is now available on the SAP® App Center, the digital marketplace for SAP partner offerings. RecEasy 1.0 reduces human error and helps ensure accounting compliance. It automates the tedious month-end finance tasks of reviewing transactions and preparing account reconciliations, saving enterprises thousands in resource hours and associated costs. The SAP Integration and Certification Center has certified that RecEasy 1.0 is built on SAP Cloud Platform and is a certified function for on-premises extensions connected to Intelligent SAP ERP solutions.

“We are delighted to announce that RecEasy is now available on the SAP App Center,” said David Duignan, CEO of RecEasy. “Co-selling with SAP allows us to work with SAP Account Executives to get our solution to clients rapidly. Our presence on the SAP App Center allows us to engage with businesses that use SAP solutions, simplifying the way businesses evaluate and acquire the RecEasy solution.

RecEasy allows businesses to achieve:

- **Accounting Compliance:** RecEasy helps to satisfy International Accounting and SOX Requirements.
- **Less Human Error:** Helps ensure that account figures agree with back-up files such as PDFs, Excel files, screenshots and emails, cutting errors in the accounts.
- **Savings in Resource Hours and Associated Costs:** In a typical large corporation, there are thousands of accountants that require resource days every month to review thousands of transactions. This is a time-consuming, manual and tedious process that RecEasy is now automating.
- **A Full Audit Trail:** RecEasy displays a full audit trail in the transaction backup, validating where amounts have come from and enabling the finance data to be quickly understood.
- **A Focus on Other Value-Added Tasks:** Allows proficient finance personnel to focus on other value-added tasks, taking the stress out of the month-end work of finance.

The SAP App Center provides customers with real-time access to more than 1,700 innovative partner solutions that complement and extend their SAP solutions, enabling digital transformation of their business. SAP App Center customers can buy solutions directly from partners and centrally manage purchases, billing and vendor communications. To learn more about RecEasy, click [here](#).

RecEasy is a partner in the SAP PartnerEdge® program after successfully coming through the SAP Startup Focus Program. As such, it is empowered to build, market and sell software applications on top of SAP Cloud Platform, the market-leading business platform-as-a-service from SAP. The SAP PartnerEdge program provides the enablement tools, benefits and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively. The program provides access to all relevant SAP technologies in one simple framework under a single, global contract.

About RecEasy

RecEasy helps finance teams automatically show that figures in their accounts are correct. International accounting standards mandate heavy finance controls across corporations, which translates into cumbersome month-end reviews of every transaction and thousands of account reconciliations. RecEasy automates this highly inefficient process, allowing proficient finance personnel to focus on regulatory and audit compliance.

RecEasy uses advanced text analysis and machine learning techniques to review finance data against unstructured data in various file formats such as Excel documents, PDFs, screenshots, and emails. RecEasy helps ensure that

information is correct per regulations and established a full audit trail. RecEasy is a SaaS solution that provides scalability and smooth integration for enterprise customers.
